EXPERIENCE

SENIOR SOFTWARE DEVELOPER (SDE 2)

AMAZON

As being a SDE2 in Amazon, in the Alexa Shopping Multimodal Experiencs team, we are focusing on developing rich customer experiences.
They, as expected, running on AWS services and we are using APL language in the front-end side, Kotlin on the backend side.
This position enabled me to do development on Java technology stack.

Tech Stack: AWS, Java/Kotlin, Alexa Presentation Language (APL), many other internal tools

SOFTWARE ARCHITECT

2019 Jan - 2022 September

ENERJISA URETIM

Within Enerjisa Uretim, we develop corporate projects that are being used in our powerplants all over Turkey.
We work fully Agile by the way. Unit test and UI tesing is so much important for us in order to ensure high quality of our projects.
I can clearly state that we are developing **.netcore&Angular 8 stack** applications using **Aspnetzero/Aspnetboilerplate frameworks**.

Tech Stack: AspnetBoilerplate, AspnetZero, Angular, Typescript

LEAD DEVELOPER

Dec 2016 - Jan 2019

VEKTORA CONSULTANCY

I have been working as a Lead Consultant (formerly, as Senior Consultant) in Vektora, within the department of Microsoft. We are implementing huge integrations, internal and external web application according to our customer needs. As consultants, we are 7/24 reachable due to the fact that we are responsible of huge external systems like: Vestel.com.tr, Regal-tr.com, Garenta.com.tr and so on.
I am also responsible about Framework Development within the company, which is being distributed among most of our projects.
Tech Stack: soa architecture, wcf/asmx, webforms, mvc, .netcore, ef, ninject, svn/git, ms sql, heroku, jquery, and many front-end technologies.

SENIOR FULL-STACK DEVELOPER

Oct 2012 - Nov 2016

HOSTAMEDIA WEB AGENCY

Hostamedia could be counted as my first professional software experience; I started there as junior developer, worked for almost 4 years (with a 6 month break due to millitary services).
The company is so popular within the Hotel Websites sector of the web agencies; they got strong references like The Marmara Hotels, The House Hotels, Avantgarde Group and so on.
We were mostly doing back-end integrations to their prebuilt CMS systems. After some time, I

started developing plugins for the CMS systems and contrib part of the company Framework.
Technologies being used: Webforms, LLBLGEN (instead of EF), .net 3.5, svn, ms sql, jquery and many other front-end technologies.

EDUCATION

BOGAZICI UNIVERSITY

MANAGEMENT INFORMATION SYSTEMS

2007 Sep - 2012 Jan

Within the enjoyful department of MIS , I had education about numerous topics of business life additional to software development.
Additionally, I had extra courses from Computer Science and BIS Departments which would be helpful in my future life, in my opinion.
When it comes to my thesis, I created a project using AHP algorithm of Decision Support Systems.

KALE COMMUNITY PORTAL

2019

VEKTORA

Kale Community portal is a facebook-like project for handymans. We renewed the project using .netcore framework, integrating salesforce and hosted it on Heroku. Integrations are both running on Hangfire for scheduled jobs and on-demand rest-api queries, too.

Tech Stack: .net core, redis, heroku, mongodb, postgresql.

YKK

2019

VEKTORA

YKK, our first .netcore project, 2 web applications, 1 web api, windows services, hangfire and some console applications composes this complex project. We tasted the new things came up with .netcore framework and we are very eager to use it much more.

Tech Stack: .net core

GARENTA RENT A CAR [LINK](#)

2017

VEKTORA

Garenta, a car-rental site; website, callcenter and branch screens are developed by Vektora. I have been working on all of the sites, integrations, services and anywhere of the project in order for our customer's needs.

Tech Stack: .net core

VESTEL.COM.TR [LINK](#)

VEKTORA

I have been giving support for Vestel.com.tr. From pos integration, to SAP/CRM and many other service providers, we have been mostly working on integration. This is the highest traffic site of Vektora actually. In parallel, we tried to do our best in order to increase performance of the site within the last two years; which resulted in on a single machine, this website can handle more than 5K users easily.

Tech Stack: .net mvc, jquery, less

THE MARMARA HOTELS COLLECTION [LINK](#)

2018

VEKTORA

The Marmara group website was the biggest project for Hostamedia. It was the candidate of us for Altın Örümcek that year.
